

LUMEA⁺

Pathology LIS Upgrade System

Enhance your LIS with proprietary consumables and leading-edge technology that optimizes the entire pathology workflow

Maximize Lab Efficiency

Histology labs can capitalize on new efficiencies and optimization by combining Lumea's proprietary tissue collection and processing technologies with hardware and software.

Standardize Pathology Workflow

Pathology Signout Time

Pathologists can do their job in a fraction of the time with multiplexing technology, auto-alignment tools, and diagnostic AI of their choice.

Easy Digital Pathology Adoption
